#### **LEDP ( Livelihood Entrepreneurship Development Programme ) :**

This project was implemented in NOTA GP under Kaptipada Block . 100 SHG members were imparted training on Banaraj Poultry Rearing . After training 22 JLG out of these SHG were formed and loan sanctioned to these JLGs. Poultry birds were kept by the trainee members .

Objective of the project was to get eggs from the birds and earn a sizeable income from the poultry as a business mode .Regular supervision and vaccination by our Para Vet and Govt Veterinary Surgeon of the Block was done .Azola, white ant were cultivated and fed to the birds .Protection by net were given .In spite of our several effort as the project failed to achieve its desired goal due to mortality of the birds , we dropped this project before being completed .

### **FARMAERS'CLUB :**

20 Farmers Clubs were formed according to NABARD's guideline .5 from G B Nagar Block and 15 from Kaptipada Block .5 clubs under G B Nagar Block were launched by the AGM. NABARD's guiding principle was changed in the mean while . The rest clubs could not be launched . The financial grants involving these 5 could not be released as a lot of work has to be done .Because NABARD developed a separate soft ware to enter the data of these Clubs and the necessary changes took months together .

## WATER CONSERVATION :

This project of NABARD was launched on 16<sup>th</sup> May 2017 at Sankalpa Bhawan , Baripada, DFO office. We were trained to make a campaign on ground water conservation ,rain water conservation, check wastage of water , make optimum use of water. 8 trained Jaldoots were engaged , without any interruption aware people through - rally, meeting, Socialmapping and sending data through whats aap to NABARD and other whats app group . The Project work started on 21<sup>st</sup> May and completed on 15<sup>th</sup> June .

The impact of this campaign was felt immediately . Some construction of the Tanks were completed soon as the people got spirited .
